

PRODUCTS & ACCESSORIES

Highly visible, pure copper electric fence rope — no nonsense.

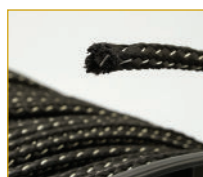

- Tension tight to avoid tangling & tortiqueting
- Install by hand — simple and straight forward
- Highly visible — Bold options available
- Soft gentle rope to avoid grazes caused by abrasive braid.
- Black and white options
- Pure threaded copper and all required fittings

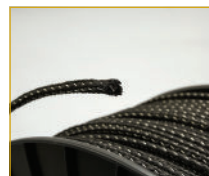

You can't miss this electric fence...

Client testimonial

“Last night my mare, foal and yearling went through an EquiRope fence, but testament to EquiRope they were all unscathed — not a mark on them.”

Highly visible, pure copper electric fence rope. Designed specifically with horses in mind, EquiRope is a high quality UV stable electric polyester braid. 8 pure coated copper conductors maintain excellent conductivity over long distances at all times. Easy to install by hand, but with the added quality to ensure it can last as a permanent fencing solution.
